EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF COMPANIES ACT, 2013**Item No. 3**

The members of the Company at the 10th Annual General Meeting held on 22nd September, 2017 had approved the appointment of M/s C. S. Chaubey & Co., Chartered Accountants, Mumbai, (Firm Registration No. 138267W) as the Statutory Auditors of the Company for a term of five years till the conclusion of 15th Annual General Meeting.

Due to change in constitution, M/s C. S. Chaubey & Co., Chartered Accountants, tendered their resignation as the Statutory Auditors of the Company with effect from 3rd August, 2020 (closing of business hours), resulting in a casual vacancy in the office of the Statutory Auditors of the Company as per the provisions of the Companies Act, 2013.

Accordingly, on the recommendation of the Audit Cum Risk Management Committee ("Audit Committee"), the Board of Directors of the Company recommends for the approval of the members, the appointment of M/s Mayur Khandelwal & Co., Chartered Accountants, (Firm Registration No. 134723W), Mumbai as the Statutory Auditors of the Company, to fill the casual vacancy caused by the resignation of M/s C. S. Chaubey & Co., Chartered Accountants and to hold the office from the conclusion of this AGM until the conclusion of the 18th AGM to be held in the Financial Year 2025-26.

M/s Mayur Khandelwal & Co., have given their consent to act as the Statutory Auditors of the Company and have confirmed that the said appointment, if made, will be in accordance with the conditions prescribed under Sections 139 and 141 of the Companies Act, 2013.

M/s Mayur Khandelwal & Co., will be paid an annual remuneration / fees of Rs. 25,000/- (Rupees Twenty Five Thousand only) plus out of pocket expenses and taxes as applicable from time to time, for Financial Year 2020-21. The Board may revise the annual remuneration / fees payable to the Statutory Auditors, as per the recommendation of the Audit Cum Risk Management Committee, as may be mutually agreed with the Statutory Auditors of the Company.

M/s Mayur Khandelwal & Co., is a Partnership firm, formed in the Year 2012, and are having combined experience of more than seven years in the field of Finance, Auditing & Assurance, Taxation, ERP Implementation, Transaction advisory services and Business support services.

The Board of Directors of the Company recommends passing of the resolution set out in Item No. 3 of the notice as an **Ordinary Resolution**.

None of the Directors, Key Managerial Personnel of the Company or their relatives is in any way concerned or interested, in passing of the resolution set out at Item No. 3.

Item No. 4

On recommendations of Nomination & Remuneration Committee and pursuant to the provisions of Section 161 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors of the Company appointed Ms. Kalyani Shukla (DIN: 02039079) as an Additional Director (Non- Executive) of the Company with effect from 21st March, 2020, subject to the approval of the members.

Pursuant to the provisions of Section 161 of the Act and the Articles of Association of the Company, Ms. Kalyani Shukla will hold office up to the date of the ensuing Annual General Meeting ("AGM") and is eligible to be appointed a Director of the Company. The Company has received consent from Ms. Kalyani Shukla to act as a Director.

The Board of Directors of the Company recommends passing of the resolution set out in Item No. 4 of the notice as an **Ordinary Resolution**. Brief profile of Ms. Kalyani Shukla is annexed with this notice.

Except Ms. Kalyani Shukla, none of the Directors, Key Managerial Personnel of the Company or their relatives is in any way concerned or interested, in passing of the resolution set out at Item No. 4.

Item No. 5

On recommendations of Nomination & Remuneration Committee and pursuant to the provisions of Section 149, 150, 152 and 161 of the Companies Act, 2013 ("the Act") and SEBI (Listing Obligations and Disclosure Requirements)

Regulations, 2015 (“Listing regulations”), the Board of Directors of the Company appointed Mr. Sameer Shelke (DIN: 08720443) as an Additional Director (Independent) of the Company.

The Company has also received a declaration from Mr. Sameer Shelke confirming that he meets the criteria of independence as prescribed under the Act and Listing Regulations. In the opinion of the Board of Directors of the Company, Mr. Sameer Shelke fulfills the conditions specified in the Act and the rules made thereunder and Listing Regulations for his appointment as an Independent Director of the Company and he is independent of the management of the Company. He shall not be liable to retire by rotation.

The Board is of the view that Mr. Sameer Shelke’s experience and expertise will be of immense benefit and value to the Company.

The Board of Directors of the Company recommends the passing of the resolution set out in Item No. 5 of the notice as an **Ordinary Resolution**. Brief profile of Mr. Sameer Shelke is annexed with this notice.

Except Mr. Sameer Shelke, none of the Directors, Key Managerial Personnel (KMP) of the Company or their relatives is in any way concerned or interested, in passing of the resolution set out at Item No. 5.

Item No. 6

Pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the ‘Listing Regulations’), approval of the members by way of passing an ordinary resolution is required for all material related party transactions, even if they are entered into in the ordinary course of business and on arm’s length basis. For this purpose, a transaction is considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a Financial Year exceed 10% of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company.

For the Company’s business operations, it requires to take financial assistance from the related party mentioned below, which is in the ordinary course of business. Further, the estimated value of the proposed transaction is likely to exceed 10% of the annual consolidated turnover of the Company for the financial year ended on 31st March, 2020 and therefore may exceed the materiality threshold as prescribed under Regulation 23 of the Listing Regulations. Thus, this transaction would require the approval of the Members by way passing of an Ordinary Resolution.

Approval of the Members is sought to enable the Board for entering into loan/ financial transactions (including any modifications, alterations, amendments or renewal thereto) with the said party subject to the limits mentioned in the table below:

Name of related party	Nature of relationship	Type of transaction	Threshold limit
Ashok Piramal Group Textiles Trust	Promoter Trust	Loan transaction for meeting the expenses of the Company	Up to 30 lacs p.a.

The Board of Directors of the Company recommends the passing of the resolution set out in Item no. 6 of the notice as an **Ordinary Resolution**.

Except Mr. Harshvardhan A. Piramal, Director, none of the Directors, Key Managerial Personnel of the Company or their relatives is in any way concerned or interested, in passing of the resolution set out at Item No. 6.

Item No. 7

Keeping in view the Company’s existing and future financial requirements to revive its business operations, the Company may require additional funds. As an alternative means of funding, your Company may raise funds through offer and issue of Non-Convertible Debentures (“NCDs”) on a Private Placement basis.

Further, as per the provisions of Section 42 of the Companies Act, 2013 and Rules made thereunder, prior approval of shareholders through Special Resolution shall be valid for all the offers or invitations for such NCDs during one year from the date of passing of this resolution. Accordingly, the approval of the shareholders is sought for the fresh offer of NCDs on a Private Placement basis up to a limit of Rs. 50 Crore for a period of one year commencing immediately

from the date of passing of this resolution.

The Board of Directors of the Company recommends the passing of the resolution set out in Item No. 7 of the notice as a **Special Resolution**.

None of the Directors, Key Managerial Personnel of the Company or their relatives is in any way concerned or interested in passing of the resolution set out at the Item No. 7 of the Notice.

MANAGEMENT DISCUSSION AND ANALYSIS

CAVEAT

This section of the Annual Report has been included in adherence to the spirit enunciated in the Code of Corporate Governance approved by the Securities and Exchange Board of India. Shareholders and Readers are cautioned that in the case of data and information external to the Company, though the same are based on sources believed to be reliable, no representation is made on its accuracy or comprehensiveness. Further, utmost care has been taken to ensure that the opinion expressed therein contain its perceptions on most of the important trends having a material impact on the Company's operations.

The opinions expressed by the management may contain certain forward-looking statements in the current scenario, which is extremely dynamic and increasingly fraught with risk and uncertainties. The Company undertakes no obligation to publicly update or revise any of the opinions or forward-looking statements expressed in this report, consequent to new information, future events, or otherwise. Estimation and expectation made in the Report may differ from actual performance due to various Economic conditions, Government Policies and other related factors.

INDUSTRY OVERVIEW

The Garment Industry of India is a Rs. -one trillion industry. Almost 33 % of its knitwear production and about 20% of its woven-garment production, both by volume, enters export markets. Overall about 25 % of the volume of its garment production goes into export markets, leaving 75 % for domestic consumption. Organized sector of the garment industry is roughly 20% of the total industry, concentrating chiefly on exports. These are usually limited Companies while the rest are proprietary or partnership Companies. Geographically, men's garments are largely produced in western and southern India while production of ladies garments predominates in North India. Eastern section of India specializes in children garments. Fibre-wise, 80% of the production is of cotton garments, 15% of synthetic/mixed garments and the rest of silk and wool garments. The industry manufactures over a 100 different types of garments for men, women and children. These includes overcoats/raincoats, suits, ensembles, jackets, dresses, skirts, trousers, shirts, blouses, inner-garments, T-shirts, jerseys/pullovers, babies garments as well as accessories like shawls/scarves, handkerchiefs, gloves and parts of garments. Fabric constitutes 65 to 70% of the cost of production with labour making up a further 15% and the rest go for overheads and manufacturer's profit.

Export of garments and accessories from India are routed to all corners of the world. However, the USA, EU and Canada together account for 70% of world exports. Markets in Asia, Africa, East Europe, Australia, New Zealand and countries in the Pacific Ocean account for the rest. A number of supplying countries from Asia have come into existence, notably, Bangladesh, Vietnam, Srilanka, Cambodia resulting in cut-throat competition in the supply of popular varieties helping to bring down prices. India has had to adopt innovative practices by upgrading the quality of product in order to sustain (leave alone increase) her market share in the world community. In recent years, the downslide in US economy has had a restraining effect on garment exports from India, but the industry is now coming to terms with the development. As a labour-oriented industry, the activity in production and marketing has now shifted to Asia with India and China being leading suppliers as well as markets for garments.

Uncertainty is perhaps the biggest challenge the Apparel Industry is facing since 2012. The economic situation in Europe & the US swings in commodity prices, labour shortages, raising costs will add-up to worrying year.

The success and failure of this industry is people. The entire system works on people, their skills or lack thereof. We must have the right people designing the products, right people sourcing the material, right people must be working in the factories. Retail industry in India is expected to rise 25% yearly being driven by strong income growth, changing life styles and favourable demographic patterns. Shopping in India has witnessed a revolution with the changing consumer buying behavior and the entire format of shopping is also being altered. The garment industry in India faces a stiff competition from countries such as Bangladesh, Vietnam and China.

There is a pressure to produce at lower cost in an already prevailing cut throat competition plus the industry need additional 2 million low cost people.

Today, the biggest concern is to keep the factory running at all costs, in hope of better business tomorrow or to work and ensure that the bottom lines are not affected. To be able to get and sustain business round the year at target profitability is a marketing challenge. Sustained focus on lower fixed costs is continuous challenge for manufacturing, which puts reverse pressure during peak months. The strategy is a mix then - to have a basket of customers which gives desired profitability business in the lean production months and also plan business, if required, at lower contributions / prices for sustained capacity utilization, so that fixed costs are taken care-off and overall profitability is less affected.

BUSINESS REVIEW

Due to continuous huge losses coupled with poor business prospects, the company has discontinued operations.

BUSINESS STRATEGY

Company is exploring options to revive business.

RISK (INTERNAL AND EXTERNAL) AND THREATS ENVISAGED BY THE MANAGEMENT

The Cotton Textile Industry is dependent on the vagaries of nature. Availability of the required quality and quantity of cotton is critical for business and any damage or fall in crop production can adversely impact the price of cotton, which can impact business performance and profitability.

- Cheaper imports of fabric can also impact pricing power and adversely affect business performance in the domestic market.
- Currency fluctuations can also impact profitability.
- Economic Scenario - Any economic downturn / recession etc. would reduce consumer spending, thus dampening sales.
- Increased Competition - As the Quota system was abolished, global trade of textiles is now free, leading to severe competition. Price undercutting would result in shrinking operating margins.

INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY

The Company has proper and adequate systems of Internal Control to ensure that all the assets are safeguarded from loss, damage or disposition. Checks & balances are in place to ensure that transactions are adequately authorised and recorded and that they are reported correctly. The Board of Directors considers internal controls as adequate.

INDEPENDENT AUDITORS' REPORT

To The Members of
Integra Garments and Textiles Limited
Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **Integra Garments and Textiles Limited** ("the Company"), which comprise the balance sheet as at March 31, 2020, and the Statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Companies Act, 2013** ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its Losses and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report

- a. We draw attention to the fact that the company has suffered losses of Rs. 13,39,64,230/- during the current financial year and company's net-worth had been eroded to Rs. (29,59,08,858/-).
- b. Note No. 28 to the financial statements states that "The Company has brands which were acquired in earlier years. The Company has reassessed carrying value of its brands considering the current COVID scenario and remote possibility of revival of business operation. Based on future estimation by the Management, the Company has made impairment loss of Rs.1782 lacs as presently there is no use of these brands and not expecting any cash flow realisation from these brands. The same has been considering as exceptional loss. Further, based on Company's request to its lender, unsecured loan of Rs.639 lacs have been waived off considering significant reduction in operations and further impact in market condition due to COVID-19 pandemic. The same has been considered as exceptional gain. Net of above Rs.1143 lacs considered as exceptional item."
- c. There was no business operation during the financial year under consideration.

The above factors cast a significant uncertainty on the Company's ability to continue as a going concern. Pending the resolution of the above uncertainties, the Company has prepared the aforesaid statement on a going concern basis.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The balance sheet, the statement of profit and loss, and the cash flow statement dealt with by this report are in agreement with the books of account;
- (d) In our opinion, the aforesaid financial statements comply with the accounting standards specified under section 133 of the Act, read with rule 7 of the **Companies (Accounts) Rules, 2014**;
- (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the board of directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;
 - a. There is no pending litigations in the Company, so there will not be any impact of pending litigation on its financial position in its financial statements;
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of **Integra Garments And Textiles Limited** on the financial statements for the year ended 31st March, 2020.

Report on the internal financial controls over financial reporting under clause (i) of sub – section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Integra Garments And Textiles Limited** (“the Company”) as at March 31, 2020, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are

being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

Company Overview

Integra Garments and Textiles Limited (“the Company”) is a public limited company, incorporated and domiciled in India which mainly deals in manufacture of Garments. The registered office of the Company is located at Plot G2, M.I.D.C. Industrial Estate, Post Salai Dhaba, Butibori, Nagpur - 441122. The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The standalone financial statements for the year ended 31st March, 2020 were approved by the Board of Directors and authorised for issue on 25th June, 2020.

Note 1: Significant Accounting Policies

(a) Basis of Preparation of Financial Statements

(i) Statement of Compliance with Indian Accounting Standards (Ind AS)

These financial statements comply, in all material respects, with Ind AS notified under section 133 of the Companies Act, 2013 (“the Act”), Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act.

(ii) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities:

- a) Certain financial assets and liabilities that are measured at fair value
- b) Derivative financial instruments

(iii) Functional and Presentation Currency

These financial statements are presented in Indian Rupees, which is also the functional currency of the Company.

(iv) Current and Non-current Classification

All assets and liabilities have been classified as current and non-current as per the Company’s normal operating cycle (Twelve months) and other criteria set out in Schedule III to the Act.

(b) Property, Plant and Equipment (PPE) and Depreciation

All items of PPE are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost includes its purchase price including non-refundable taxes and duties, directly attributable costs of bringing the asset to its present location and condition and initial estimate of costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are included in the carrying amount of PPE or recognised as a separate PPE, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Machinery spares and servicing equipment are recognised as PPE when they meet the definition of PPE. Otherwise, such items are classified as inventory.

Capital work- in- progress includes cost of PPE under installation / under development as at the Balance Sheet date.

The Company depreciates its PPE over the useful life in the manner prescribed under Part C of Schedule II to the Act. Depreciation commences when the assets are ready for their intended use and is computed on pro-rata basis from the date of installation/ acquisition till the date of sale/ disposal. Management believes that useful life

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

of assets are same as those prescribed in Schedule II to the Act, except for machinery spares wherein based on technical evaluation, useful life has been estimated to be different from that prescribed in Schedule II of the Act

Useful life considered for calculation of depreciation for machinery spares varies from 2 to 10 years.

Lease hold PPE are amortised over the period of lease or useful life, whichever is lower. Leasehold land (under Finance Lease) is amortised over the period of lease.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(c) Intangible Assets and Amortisation

Intangible assets that are acquired by the Company, which have finite useful lives are measured at cost less amortisation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost includes its purchase price including non-refundable taxes and duties, directly attributable costs of bringing the asset to its present location and condition.

Intangible assets are amortised on straight line basis over the estimated useful life.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(d) Leases

At inception of a contract, company shall assess whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where the Company is Lessee

At the Inception, lessee shall recognise and measure Right-of-use asset and lease liability at cost. Right to use assets shall comprise initial measurement of lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Lease liability is the present value of the lease payments that are not paid. These lease payments shall be discounted using the interest rate implicit in the lease (if readily determined) otherwise should be discounted at lessee's incremental borrowing rate.

If the lease contract transfers ownership of the underlying asset, at the end of the lease term or if, the cost of the right-of-use asset reflects that the lessee will exercise a purchase option, then depreciate the right-of-use asset over the useful life of the underlying asset. Otherwise, depreciate the right-of-use asset till the end of the useful life of the right-of-use asset or the end of the lease term, whichever is earlier.

The lease term as the non-cancellable period of a lease, together with both: (a) periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and (b) periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option.

Subsequently, lessee shall measure the right-of-use asset applying a cost model.

Where the Company is Lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight line basis over the term of the relevant lease

(e) **Borrowing Cost**

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use. Other borrowing costs are expensed in the period in which they are incurred.

(f) **Financial instruments**

(i) **Financial Assets**

Initial Recognition and Measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income (FVTOCI) or fair value through profit or loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, as per Ind AS 109.

a. Subsequent Measurement - Equity Instruments

All equity investments other than investments in subsidiaries, joint ventures and associates are measured at fair value. Equity investments which are held for trading are classified as FVTPL. For all other equity investments, the Company decides to classify the same either at FVTOCI or FVTPL. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

Investment in equity instruments of subsidiaries, joint ventures and associates are measured at cost.

b. Subsequent Measurement - Debt Instruments

A financial asset being debt instrument that meets the following 2 conditions is measured at amortised cost (net off any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business Model Test: the objective of the Company's model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes).

Cash Flow Characteristics Test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meets the following 2 conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

Business Model Test: the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets.

Cash Flow Characteristics Test: The contractual terms of the financial asset give rise on specified dates

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

to cash flows that are solely payment of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different basis.

All other debt instruments are measured at fair value through profit or loss.

Derecognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset, to another entity.

Impairment of Financial Assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and FVTOCI.

For financial assets other than trade receivables, whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables, considering historical trend, industry practices and the business environment in which the Company operates or any other appropriate basis.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

(ii) Equity and Financial Liabilities

Debt and equity instruments issued by an entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

a. Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

b. Financial Liabilities**Initial Recognition and Measurement**

Financial liabilities are initially recognised at fair value plus any transaction costs that are attributable to the acquisition of the financial liabilities, except for the financial liabilities at FVTPL which are initially measured at fair value.

Subsequent Measurement

The financial liabilities are classified for subsequent measurement either at amortised cost or at fair value through Profit and Loss (FVTPL).

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

Derecognition of Financial Liabilities

A financial liability is removed from the Balance Sheet when the obligation is discharged, or is cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

(g) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted prices in active markets for identical assets or liabilities
- Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 – Inputs for the asset or liability that are not based on observable market data.

(h) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. The cost formula used for determination of cost is 'Weighted Average Cost'.

Machinery spares, stand-by equipment and servicing equipment are recognised as inventory when the useful life is less than one year and the same are charged to the Statement of Profit and Loss as and when issued for consumption.

(i) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The Company's liability for current tax is calculated using the Indian tax rates and laws that have been enacted by the reporting date. The Company periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretations and provisions where appropriate.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and current tax liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(j) Provisions and Contingencies**Provisions**

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Contingent assets are not recognised in the financial statements. If the inflow of economic benefits is probable, then it is disclosed in the financial statements.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each Balance Sheet date.

(k) Employee Benefits**(i) Short-term Obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

(ii) Post-employment Obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plan (Gratuity), and
- (b) Defined contribution plans such as, provident fund.

Defined Benefit Plan

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually on the basis of actuarial valuation using the Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The interest cost is calculated by applying the discount rate to the balance of the defined benefit obligation. This cost is included in employee benefits expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

Defined Contribution Plans

Defined Contribution Plans such as provident fund are charged to the Statement of Profit and Loss as an expense, when an employee renders the related services.

(iii) Other Long-term Employee Benefits

The liabilities for compensated absences that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the Balance Sheet if the entity does not have any unconditional right to defer settlement for at least 12 months after the end of the reporting period, regardless of when the actual settlement is expected to occur.

(l) Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows as well as the Balance Sheet, cash and cash equivalents include cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(m) Earnings per Share (EPS)

Basic earnings per share are computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for the events for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net off any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

(n) **Dividend Distribution to Equity Shareholders**

Dividend distributed to Equity shareholders is recognised as distribution to owners of capital in the Statement of Changes in Equity, in the period in which it is paid. Dividend proposed by the Board of Directors, subject to the approval of shareholders, is disclosed in the notes to financial statements.

(o) **Foreign Currency Transactions**

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(p) **Revenue Recognition**

Effective from 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) - 'Revenue from contracts with customers'.

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to the customer at amount that reflects the consideration to which the company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of products is satisfied at a point in time when material is shipped / delivered to the customer as may be specified in the contract.

Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the applicable effective interest rate.

Dividend Income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Income from Services

Income from services is recognised (net of taxes as applicable) as they are rendered, based on agreement/ arrangement with the concerned customers.

(q) **Significant Accounting Estimates, Judgements and Assumptions:**

The preparation of the Company's financial statements in conformity with Ind AS requires Management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the financial statements were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future year affected.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2020

In the process of applying the Company's accounting policies, Management has made the following judgements which have significant effect on the amounts recognised in the financial statements:

- i. **Useful Lives of Property, Plant and Equipment:** Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalised. Useful life of tangible assets is based on the life specified in Schedule II of the Act and also as per Management estimate for certain category of assets. Assumption also needs to be made, when the Company assesses, whether an asset may be capitalised and which components of the cost of the assets may be capitalised.
- ii. **Fair Value Measurement of Financial Instruments:** When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs for these valuations are taken from observable sources where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of various inputs including liquidity risk, credit risk, volatility etc. Changes in assumptions/ judgements about these factors could affect the reported fair value of financial instruments.
- iii. **Measurement of Defined Benefit Plan:** The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- iv. **Impairment of Financial Assets:** Trade receivables are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when Management deems them not collectable. Impairment is made on the expected credit loss model, which is the present value of the cash shortfall over the expected life of the financial assets. The impairment provisions for financial assets are based on assumption about the risk of default and expected loss rates. Judgement in making these assumptions and selecting the inputs to the impairment calculation are based on past history, existing market condition as well as forward looking estimates at the end of each reporting period.
- v. **Impairment of Non-financial Assets:** The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

- vi. **Contingencies:** Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claim/ litigation against the Company as it is not possible to predict the outcome of pending matters with accuracy.

24 Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company's objective for capital management is to manage its capital to safeguard all stakeholders. The funding requirements are met through loans.

25 Liquidity Risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company will continue to consider borrowing options to maximize liquidity and supplement cash requirements as necessary.

26 There are no Micro and Small Enterprises, to whom the Company owes dues, which are outstanding for more than 45 days as at 31st March, 2020. This information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company.

27 The Company is engaged in Manufacturing of textiles Products which is considered as the only reportable business segment.

28 The Company has brands which were acquired in earlier years. The Company has reassessed carrying value of its brands considering the current COVID scenario and remote possibility of revival of business operation. Based on future estimation by the Management, the Company has made impairment loss of Rs.1782 lacs as presently there is no use of these brands and not expecting any cash flow realisation from these brands. The same has been considered as exceptional loss. Further, based on Company's request to its lender, unsecured loan of Rs.639 lacs have been waived off considering significant reduction in operations and further impact in market condition due to COVID-19 pandemic. The same has been considered as exceptional gain. Net of above Rs.1143 lacs considered as exceptional item.
