Corrigendum to the Notice of 15th Annual General Meeting dated August 9, 2022

Dear Member,

Greetings! Trust it'll find you in good health and spirit.

Integra Essentia Limited ("the Company") had issued Notice dated August 9, 2022 ("AGM Notice") for convening the 15th Annual General Meeting ("AGM") of the shareholders of the Company, scheduled to be held on Saturday, September 10, 2022 at 11:30 A.M., through Video Conferencing ("VC") or Other Audio-Visual Means ("OAVM"). The AGM Notice has already been circulated to all the shareholders of the Company, on August 19, 2022 in due compliance with the provisions of the Companies Act, 2013 read with the Rules made thereunder and Circulars issued by the Ministry of Corporate Affairs and Securities and Exchange Board of India in respect of holding of AGM through VC/OAVM, though, due to clerical mistake, by inadvertence, at Item No. 4 of the Notice relating to increase in authorized share capital of the company and consequent alteration in capital clause of the Memorandum of Association of the company and in its explanatory statement **Rs. 50,95,00,000 (Rupees Fifty Crores and Ninety-Five Lakh) was written instead of correct figure i.e. Rs. 59,95,00,000 (Rupees Fifty-Nine Crores and Ninety-Five Lakh).**

All the shareholders are, therefore, hereby requested to read it as Rs. 59,95,00,000 (Rupees Fifty-Nine Crores and Ninety-Five Lakh) wherever Rs. 50,95,00,000 (Rupees Fifty Crores and Ninety-Five Lakh) appears in the said notice.

Except this correction, all other contents of the AGM Notice remain unchanged.

Copy of Annual Report (with correct figures/details in the AGM Notice) can be accessed by clicking the following link <https://www.integraessentia.com/pages/annual-report/Annual%20Report%20FY%2021-22.pdf>.

Copy ***Annual Report (with correct figures/details in the AGM Notice)*** is being uploaded on the website of the Company at www.integraessentia.com and on the website of BSE Limited at www.bseindia.com and the National Stock Exchange of India Limited at www.nseindia.com where the shares of the Company are listed. All the concerned shareholders, Stock Exchanges, Depositories, Registrar and Share Transfer Agent, Scrutinizer, agencies appointed for e-voting, other Authorities, regulators, and all other concerned persons are requested to take note of the above correction.

Thanking You,

Yours faithfully,

For & on behalf of the Board

- c. All Personnel Policies of the Company and the related rules which are applicable to other employees of the Company shall also be applicable to the Whole-Time Director unless specifically provided otherwise.
- d. The appointment may be terminated earlier, without any cause, by either Party by giving to the other Party six months' notice of such termination or the Company paying six months' remuneration which shall be limited to provision of Salary, Benefits, Perquisites, Allowances and any pro-rated Bonus/ Performance Linked Incentive/ Commission (paid at the discretion of the Board), in lieu of such notice.

Further, the employment of the Whole-Time Director may be terminated by the Company without notice or payment in lieu of notice, if he is found guilty of any gross negligence, default or misconduct in connection with or affecting the business of the Company or in the event of any serious or repeated or continuing breach (after prior warning) or non-observance by him of any of the stipulations, instructions of the Board or in the event the Board expresses its loss of confidence in the Whole-Time Director.

- e. The terms and conditions of appointment of Whole-Time Director also include clauses pertaining to adherence to the Company's Code of Conduct, protection and use of intellectual property, noncompetition, non-solicitation post termination of agreement and maintenance of confidentiality etc.

In compliance with the provisions of Section 196, 197, 203 and other applicable provisions of the Act, read with Schedule V to the Act as amended, and based on the recommendation of the Board and the Nomination and Remuneration Committee, approval of the Members is sought for the appointment and remuneration of Mr. Manoj Kumar Sharma as Whole Time Director as set out above. The Board recommends the Resolution set forth in Item No. 3 for the approval of Members.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives except Mr. Manoj Kumar Sharma, to whom the resolution relates, is concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of the Notice, except to the extent of their shareholding, if any.

Item No. 8 & 9

To support Company's business operations, the company requires funds and these funds are generally raised from various Banks and/or Financial Institutions and/or any other lending institutions and/or foreign lender and/or any other body corporate/entity/entities and/or authority/authorities and/or through suppliers credit, any other securities or instruments, such as floating rate notes, fixed rate notes, syndicated loans, debentures, commercial papers, short term loans or any other instruments etc. and/or through credit from of official agencies and/or by way of commercial borrowings from the private sector window of multilateral financial institution, either in rupees or in such other foreign currencies as may be permitted by law from time to time, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) may exceed the aggregate of the paid-up capital and the free reserves of the Company. Hence it is proposed to increase the maximum borrowing limits upto Rs.125 crore (Rupee One Hundred and Twenty-Five Crore only).

In term of section 180(1)(c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid-up capital of the Company and its free reserves at any one time except with the consent of the members of the Company obtained by mean of passing a special resolution in a general meeting.

INTEGRA ESSENTIA LIMITED

Further, to secure the borrowing made by the Company, the company is generally asked to create charge on certain assets or whole of the undertaking of the Company. Section 180(1)(a) of the Companies Act, 2013 empowers the Board of Directors to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the general meeting.

Hence, it proposed to seek necessary members approval to borrow money from any bank, financial institutions, bodies corporate or business associates or through permitted channel in excess of paid up capital and free reserves of the company by a sum not exceeding Rs. 125 Crore and creation of security through mortgage or pledge or hypothecation or otherwise or through combination for securing the limits as may be sanctioned by the lenders, for the loans to be sanctioned by any one or more company's bankers and/or by any one or more persons, firms, bodies corporate, or financial institutions or banks, the Company would be required to secure all or any of the Current assets, moveable properties of the Company present and future.

The resolution as set out at item No. 8 & 9 of the notice is placed for your approval of the aforesaid limits of borrowing by the board up to an amount not exceeding Rs. 125 crore.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 8 & 9 of the Notice, except to the extent of their shareholding, if any.

Item No. 10

Pursuant to the provisions of Section 186(2) of the Companies Act, 2013 ('Act'), the Company shall not directly or indirectly: -

(a) give any loan to any person or other body corporate;

(b) give any guarantee or provide security in connection with a loan to any other body corporate or person; and

(c) acquire by way of subscription, purchase or otherwise, the securities of any other body corporate,

exceeding sixty percent of its paid-up share capital, free reserves and securities premium account or one hundred percent of its free reserves and securities premium account, whichever is higher.

Pursuant to the provisions of Section 186 (3) of the 'Act', where the giving of any loan or guarantee or providing any security or the acquisition of securities exceeds the limits specified in Section 186 (2) of the 'Act', prior approval by means of a Special Resolution passed at a General Meeting is necessary. In terms of Rule No.11 (1) of the Companies (Meeting of Board and its Powers) Rules ('Rules'), where a loan or guarantee is given or security has been provided by a company to its wholly-owned subsidiary or a joint venture, or acquisition is made by a holding company, by way of subscription of securities of its wholly-owned subsidiary, the requirement of Section 186 (3) of the 'Act' shall not apply, however it will be included for the purpose of overall limit. In line with the long term objectives of the Company and for expanding its business further, the Company may be required to give loans or guarantees or make investments in excess of the limits specified in Section 186 (2) of the 'Act'.

And accordingly, it is proposed to seek prior approval of Members vide an enabling Resolution to provide loans, guarantees and make investments up to a sum of Rs. 50 crore (Rupees Fifty Crore) over and above the limits specified in Section 186 (2) of the 'Act' at any point of time.

The resolution is accordingly recommended for approval of the Members by way of a Special Resolution.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 10 of the Notice, except to the extent of their shareholding, if any.

Item No. 11

As per the provisions of Section 185 of the Companies Act, 2013, no company shall, directly or indirectly, advance any loan including any loan represented by a book debt, business advance, advance for securing supplies of services/goods on a future date to any of its Directors or to any other person in whom the Director is interested or give any guarantee or provide any security in connection with any loan taken by him or such other person.

However, in order to promote ease of doing business, the entire Section 185 of the Companies Act, 2013 has been substituted vide Companies (Amendment) Act, 2017 and the same was notified by the Ministry of Corporate Affairs on 7th May, 2018 In terms of the amended Section 185 of the Act, a company may advance any loan, including any loan represented by a book debt, to any person in whom any of the Directors of the Company is interested or give any guarantee or provide any security in connection with any loan taken by any such person, subject to the condition that approval of the shareholders of the Company is obtained by way of passing a Special Resolution and requisite disclosures are made in the Explanatory Statement.

The management is of the view that the Company may be required to invest funds in joint ventures, strategic alliance and other entities in the normal course of its business, make business advances or otherwise, give guarantee or provide any security in connection with any loans/debentures/bonds etc. raised by its associate or wholly owned subsidiary or to any other body corporate(s) in which the Directors of the Company may be interested, as and when required.

Hence, as an abundant caution, the Board decided to seek approval of the shareholders pursuant to the amended provisions of Section 185 of the Act to advance any loan, including any loan represented by book debt, to its subsidiary company(ies) (Indian or overseas) or other body corporate(s) in whom any of the Directors of the Company is interested or to give guarantee or provide any security in connection with any loans/debentures/bonds etc. raised by its subsidiary company(ies) (Indian or

INTEGRA ESSENTIA LIMITED

overseas) or other body corporate(s) in whom any of the Directors of the Company is interested up to an aggregate amount of approved by the shareholder of the Company under Section 186 of the Company Act, 2013 over and above the limit of 60% of the paid-up share capital, free reserves and securities premium account of the Company or 100% of free reserves and securities premium account of the Company, whichever is more.

The Board of Directors recommends resolution for approval of the members of the Company by way of passing a Special Resolution.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 11 of the Notice, except to the extent of their shareholding, if any.

Item No. 12

To ensure continuous business operation without any interruption, approval of the shareholders is being sought, to enter into related party transaction(s) with related party(s) as defined under within the meaning of Section 2(76) of the Companies Act, 2013 and Regulation 2(1)(zb) of the SEBI Listing Regulations, to purchase and sale of goods and material for an amount of Rs. 100 crore during Financial Year 2022-23.

Background and Details of the Transaction:

Cost effective and assured supply of goods/services, of desired quality, is a key requirement for the Company. The Company intends to procure material from related party(s) to have consistent control over quality of the supplies. This transaction will not only help the Company to ensure wholesale and retail trading of business operations smoothly but also ensure consistent flow of desired quality and quantity of goods available for uninterrupted operations and business activities.

Approval being sought for Financial Year 2022-23 as per the requirements of Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), all material related party transactions shall require the approval of Members through a Resolution. Further, the explanation to Regulation 23(1) of the SEBI Listing Regulations states that a transaction with a related party shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during the financial year, exceeds 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company. The estimated value of transaction with related party(s) for Financial Year 2022-23 will be Rs. 100 crore, which would breach the materiality threshold of 10% of the annual turnover of the Company as per last audited financial statements of FY 2021-22. Hence, to ensure uninterrupted operations of the Company, it is proposed to secure shareholders' approval for the related party contracts/ arrangements to be entered into with related party(s) during Financial Year 2022-23, as mentioned in item no. 12 of the Notice. For necessary information as required under Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014, members are requested to please refer AOC-2 and Note No. 38 of Audited Annual Accounts of the Company for the financial year ended March 31, 2022.

Detail(s) about Arm's Length Pricing/ Ordinary Course of Business

The related party contract/transaction mentioned in this proposal meets the arm's length testing criteria and also qualifies as contract under ordinary course of business.

The said transactions have been recommended by the Audit Committee and Board of Directors of the Company for consideration and approval by the Members. None of the Directors and/or Key Managerial Personnel of the Company and/or their respective relatives are in anyway, except as mentioned above, is concerned or interested either directly or indirectly, in the Resolution mentioned at Item No. 12 of the Notice.

The Board recommends the Ordinary Resolution set forth at Item No. 12 of the Notice for approval of the Members.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 12 of the Notice, except to the extent of their shareholding, if any.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Board of Directors is pleased to share the present Management Discussion and Analysis Report based on the business of the company i.e. FMCG Business, Textile Business, Infrastructure Business and Energy Business, and the business performance under each of its strategic pillars along with the Financial Statements for the financial year ended March 31, 2022.

CURRENT/CONVENTIONAL BUSINESS:

Your Company is in the business of manufacturing, trading and dealing in garments and textiles, ventured into dealing, trading of agricultural commodities, life necessities, items of basic human needs, organic and natural products and processed foods etc. and other essential goods, infrastructural products among others. Our Company now strives to be the ultimate one-stop-shop for all life essentials goods be it 'Roti', 'Kapda' or 'Makan.' On the ideology of Roti, Kapda or Makan your company has recently ventured into four business segments namely agro products, clothing, infrastructure, and energy.

A. FMCG-Agro Products Business:

Global Industry Overview:

The global economy enters 2022 in a weaker position than previously expected. As the new Omicron COVID-19 variant spreads, countries have re imposed mobility restrictions. Rising energy prices and supply disruptions have resulted in higher and more broad-based inflation than anticipated, notably in the United States and many emerging market and developing economies. The ongoing retrenchment of China's real estate sector and slower-than-expected recovery of private consumption also have limited growth prospects.

Global growth is expected to moderate from 5.9 in 2021 to 4.4 percent in 2022—half a percentage point lower for 2022 than in the October World Economic Outlook (WEO), largely reflecting forecast markdowns in the two largest economies. A revised assumption removing the Build Back Better fiscal policy package from the baseline, earlier withdrawal of monetary accommodation, and continued supply shortages produced a downward 1.2 percentage-points revision for the United States. In China, pandemic-induced disruptions related to the zero-tolerance COVID-19 policy and protracted financial stress among property developers have induced a 0.8 percentage-point downgrade. Global growth is expected to slow to 3.8 percent in 2023. Although this is 0.2 percentage point higher than in the previous forecast, the upgrade largely reflects a mechanical pickup after current drags on growth dissipate in the second half of 2022. The forecast is conditional on adverse health outcomes declining to low levels in most countries by end-2022, assuming vaccination rates improve worldwide and therapies become more effective.

The global FMCG market is projected to reach \$15,361.8 billion by 2025, registering a CAGR of 5.4% from 2018 to 2025. Fast moving consumer goods (FMCG) also known as consumer packaged goods are products that can be bought at a low cost. These products are consumed on a small scale and are generally available in a variety of outlets including grocery store, supermarket, and warehouses. The FMCG market has experienced healthy growth over the last decade because of adoption of experience retailing along with reflecting consumers desire to enhance their physical shopping experience with a social or leisure experience.

The global FMCG market is segmented based on product type, distribution channel, and region. Based on product type it is classified as food and beverages, personal care (skincare, cosmetics, hair care, others), healthcare care (over-the-counter drugs, vitamins & dietary supplements, oral care, feminine care, others), and home care. The distribution channel segment comprises of supermarkets and hypermarkets, grocery stores, specialty stores, specialty stores, e commerce and others. By region, it is analyzed through North America, Europe, Asia-Pacific, and LAMEA.

INTEGRA ESSENTIA LIMITED

In 2018, the food & beverage segment held majority share in the FMCG market and is expected to hold a significant share in the global market throughout the forecast period. Consumers today have become more knowledgeable and open to food & beverages consumed by foreign cultures.

This search for novel experience has pushed the food & beverage operators to maintain the quality of their offerings. The trend of healthy eating has also been a top impacting factor affecting the growth of the food & beverage market.

Indian Industry Overview:

Fast-moving consumer goods (FMCG) sector is India's fourth-largest sector with household and personal care accounting for 50% of FMCG sales in India. Growing awareness, easier access and changing lifestyles have been the key growth drivers for the sector. The urban segment (accounts for a revenue share of around 55%) is the largest contributor to the overall revenue generated by the FMCG sector in India. However, in the last few years, the FMCG market has grown at a faster pace in rural India compared to urban India. Semi-urban and rural segments are growing at a rapid pace and FMCG products account for 50% of the total rural spending.

The FMCG market in India is expected to increase at a CAGR of 14.9% to reach US\$ 220 billion by 2025, from US\$ 110 billion in 2020. The Indian FMCG industry grew by 16% in CY21 a 9-year high, despite nationwide lockdowns, supported by consumption-led growth and value expansion from higher product prices, particularly for staples. The rural market registered an increase of 14.6% in the same quarter and metro markets recorded positive growth after two quarters. Final consumption expenditure increased at a CAGR of 5.2% during 2015-20. According to Fitch Solutions, real household spending is projected to increase 9.1% YoY in 2021, after contracting >9.3% in 2020 due to economic impact of the pandemic.

Companies with dedicated websites recorded an 88% YoY rise in consumer demand in 2020. Since then, more businesses have begun to adopt the D2C model, and India is now home to >800 D2C brands looking at a US\$ 101 billion opportunity by 2025.

Key Market Movements:

- The Government has allowed 100% Foreign Direct Investment (FDI) in food processing and single-brand retail and 51% in multi-brand retail. This would bolster employment, supply chain and high visibility for FMCG brands across organised retail markets thereby bolstering consumer spending and encouraging more product launches. The sector witnessed healthy FDI inflows of US\$ 20.01 billion from April 2000-December 2021.
- In November 2021, Flipkart signed an MoU with the Ministry of Rural Development of the Government of India (MoRD) for their ambitious Deendayal Antyodaya Yojana - National Rural Livelihood Mission (DAY-NRLM) programme to empower local businesses and self-help groups (SHGs) by bringing them into the e-commerce fold.
- The Government of India has approved 100% FDI in the cash and carry segment and in single-brand retail along with 51% FDI in multi-brand retail.
- Rural consumption has increased, led by a combination of increasing income and higher aspiration levels. There is an increased demand for branded products in rural India.
- India has a large base of young consumers who form majority of the workforce, and due to time constraints, barely get time for cooking.
- The number of internet users in India is likely to reach 1 billion by 2025. It is estimated that 40% of all FMCG consumption in India will be made online by 2020. The online FMCG market is forecast to reach US\$ 45 billion in 2020 from US\$ 20 billion in 2017.

Figure: Trends in FMCG revenues over the years; Source www.ibef.org

- The minimum capitalisation for foreign FMCG companies to invest in India is US\$ 100 million.
- FMCG market is expected reach US\$ 220 billion by 2025.

B. Textile Business:

Global Industry Overview:

The global textile market size was valued at USD 993.6 billion in 2021 and is anticipated to grow at a compound annual growth rate (CAGR) of 4.0% from 2022 to 2030. Increasing demand for apparel from the fashion industry coupled with the growth of e-commerce platforms is expected to drive the market growth over the forecast period.

The global textile industry impacts nearly every human being on the planet. The global textile industry is a manufacturing sector that's currently worth nearly three trillion dollars (in U.S. dollars) and includes the production, refinement, and sale of both synthetic and natural fibers used in thousands of industries.

It's estimated anywhere between 20 million and 60 million people are employed in the textile industry worldwide. Employment in the garment industry is particularly important in developing economies such as India, Pakistan, and Vietnam. The industry accounts for approximately two percent of global gross domestic product (GDP) and accounts for an even greater portion of GDP for the world's leading producers and exporters of textiles and garments.

The fashion application segment led the market and accounted for more than 73% of the global revenue share in 2021 owing to the increased consumer spending on clothing and apparel. In addition, high consumer demand for crease-free suiting & shirting fabrics, as well as quality-dyed & printed fabrics across the globe will drive the segment growth further.

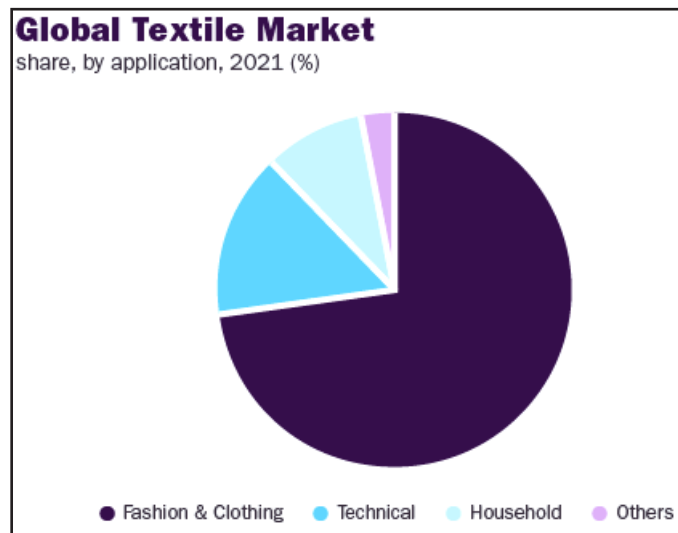

Figure: Global market size by application; source: www.grandviewresearch.com

Moreover, the growing population and rapid urbanization in the emerging economies, such as India, Bangladesh, Vietnam, and Brazil, are likely to boost the demand for clothing and apparel, thereby positively contributing to the segment growth.

In addition, increasing application in the construction, transportation, medical, and protective clothing applications have boosted the use of the same, which is consequently driving the textiles market. The use of textiles in different areas of a household is one of the prominent growth driving factors for the household application segment.

The textile industry works on three major principles, designing, production, and distribution of different flexible materials, such as yarn and clothing. Several processes, such as knitting, crocheting, weaving, and others, are largely used to manufacture a wide range of finished and semi-finished goods in bedding, clothing, apparel, medical, and other accessories.

The segment will expand further at a steady CAGR from 2022 to 2030 due to the increasing environmental concerns coupled with the consumer shift toward sustainable products, which will drive the demand for natural fibers.

The polyester segment is expected to witness a significant growth rate from 2022 to 2030, which can be attributed to the rising demand for polyesters due to different properties, such as high strength, chemical & wrinkle resistance, and quick-drying properties.

Increasing demand for online shopping is expected to drive the textile manufacturing market. Manufacturers can now sell their products on a larger platform than before, which will increase their customer base geographically driving the growth of the textile manufacturing market. In countries such as India, for instance, e-commerce portals have boosted the sales of traditional garments by giving larger exposure to producers who were confined to one geography.

INTEGRA ESSENTIA LIMITED

Indian Industry Overview:

- India's textiles industry has a capacity to produce a wide variety of products suitable for different market segments, both within India and across the world.
- India is the third-largest textile manufacturing industry and is responsible for more than 6% of the total textile production, globally. The rapid industrialization in the developed and developing countries and the evolving technology are helping the textile industry to have modern installations which are capable of high-efficient fabric production.
- The Indian textiles market is expected to be worth more than US\$ 209 billion by 2029.
- India is the world's largest producer of cotton. Production stood at 360.13 lakh bales for the crop year October 2021-September 2022. Domestic consumption for the 2021-22 crop year is estimated to be at 335 lakh bales.
- Production of fibre in India reached 2.40 MT in FY21 (till January 2021), while that for yarn, the production stood at 4,762 million kgs during same period.
- For instance, in India, 100 percent Foreign Direct Investments (FDI) is allowed in textiles, which is set to focus on positive market growth.
- In addition, the consumption of textile fibers, such as synthetic and cellulose fibers, needed for filtration in industrial applications is expected to have a positive impact on the regional market growth.
- In Feb 2021, The Indian Government has announced the setting up of seven mega textile parks in the next three years. The government has also decided to rationalize the duties on raw material inputs to manmade textiles by reducing the customs duty rate on caprolactam, nylon chips, and nylon fiber and yarn to 5 %.
- In Feb 2021, Paraguay's Ministry of Industry and Commerce announced that it will be investing USD 1.1 million in the manufacturing sector, mainly benefiting the clothing, textiles, and footwear industries, among other areas related to assembly operations.

Key Market Movements:

- The market has been witnessing rapid growth due to growing expansion and mergers & acquisitions activities.
- The companies are trying to increase their sales through various government trade agreements along with partnerships with e-commerce portals, such as Amazon, Flipkart, e-Bay, and others.
- The market is fragmented due to the presence of several small- and medium-scale manufacturers, especially in countries, such as China and India.
- Moreover, the easy availability of low-cost labor coupled with the government support to establish various big players' business units in the aforementioned countries is expected to add positive growth to the market.
- Increasing Demand for Natural Fibers: These fibers are widely used to manufacture garments, apparel, construction materials, medical dressings, and interiors of automobiles, among others. The abundance of natural fibers, especially cotton, in China, India, and the United States, is contributing significantly to the growth of the global textile market. The increasing consumption of natural fibers, such as cotton, silk, wool, and jute, will drive the global textile market during the forecast period.
- Shifting Focus Toward Non-woven Fabrics: The increasing birth rate and aging population has contributed to the growing demand for hygiene products, such as baby diapers, sanitary napkins, and adult incontinence products, which, in turn, is expected to fuel the demand for non-woven fabrics.

- The automobile industry manufactures a large number of exterior and interior parts using non-woven fabrics owing to their durability. Rapid industrialization and recent innovations in the field of textile technology are other factors fueling demand for non-woven fabrics, globally.

Figure: Non- woven Fabric export share by the regions; Source: www.mordorintelligence.com

- The future of the Indian textiles industry looks promising, buoyed by strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international players.
- Indian government has come up with several export promotion policies for the textiles sector. It has also allowed 100% FDI in the sector under the automatic route. The Rs. 10,683 crore (US\$ 1.44 billion) PLI scheme is expected to be a major booster for the textile manufacturers. The scheme proposes to incentivize man-made fiber apparel.

C. INFRA PRODUCT BUSINESS:

Global Industry Review:

- The Global Infrastructure Market was valued at USD 2,242.3 Billion in 2021 and is expected to reach USD 3,267.3 Billion by 2027, registering a growth rate of 6.48% during the forecast period.
- The global steel rebar market size was valued at USD 219.2 billion in 2019 and is expected to grow at a CAGR of 7.2% from 2020 to 2025. The expansion of construction sector is anticipated to remain a key driver for market growth. Growing construction output, especially in emerging countries, such as China, Brazil, and India, and diversification program in the Middle East countries, are contributing to the demand for steel rebar.

Figure: Global Steel bar market by application; Source: www.grandviewresearch.com

- Major GDP contribution in the Middle Eastern countries comes from the oil & gas sector. However, countries in the region are focusing on the development of non-oil & gas sectors such as residential construction and infrastructure. For instance, the Saudi Arabian government, under its Saudi Arabia Vision Plan 2030, revealed an infrastructure investment plan worth USD 450 billion to reduce its dependency on the oil & gas sector for a more effective government, to diversify its economy, and build a robust society.
- For food grade piping system the global HDPE pipes market was valued at \$17,907 million in 2017 and is projected to reach \$26,518 million by 2025, growing at a CAGR of 5% from 2018 to 2025.

INTEGRA ESSENTIA LIMITED

Indian Industry Overview:

- India is expected to become the world's third largest construction market by 2022
- India is home to fifth-highest reserves of iron ore in the world.
- India will require investment worth Rs. 50 trillion (US\$ 777.73 billion) across infrastructure by 2022 for a sustainable development in the country.
- Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development.

Figure: Market size of steel in India; Source: India Brand equity Foundation, www.ibef.org

- For Infrastructure business steel fittings and steel bars are very important tools for the growth in this segment.
- In FY22 (till January), the production of crude steel and finished steel stood a 98.39 MT and 92.82 MT, respectively. According to CARE Ratings, crude steel production is expected to reach 112-114 MT (million tonnes), an increase of 8-9% YoY in FY22.
- As of September 2021, India was the world's second-largest producer of crude steel, with an output of 9.5 MT.

Key Market Movements:

- The Infrastructure in India is estimated to grow at a CAGR of approximately 7% during the forecast period.
- During the fiscals 2020 to 2025, sectors such as Energy (24%), Roads (19%), Urban (16%), and Railways (13%) amount to around 70% of the projected capital expenditure in infrastructure in India.
- Increase in Road Infrastructure followed by the development of highways would be undertaken, including the development of 2,500 km access control highways, 9,000 km of economic corridors, 2,000 km of coastal and land port roads, and 2,000 km of strategic highways
- The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs. 5,000,000 crore (US\$ 750 billion) for railways infrastructure from 2018-30.

D. ENERGY BUSINESS: (Materials, Products and Services for the Renewable Energy Equipment and Projects)

Global Industry Review:

- The global renewable energy market was valued at \$881.7 billion in 2020, and is projected to reach \$1,977.6 billion by 2030, growing at a CAGR of 8.4% from 2021 to 2030. Renewable energy, even referred as clean energy, is usually derived from natural sources that are constantly replenished.
- Renewable energy collectively provides around 7% of the world's energy demand. Renewable energy is relatively more expensive than fossil fuel. Several factors are responsible to drive the usage of renewable energies, the most crucial being the attribution of global warming due to carbon dioxide (CO₂) emission from the combustion of fossil fuels.
- The renewable energy market analysis is done on the basis of type, end-use, and region. On the basis of type, the market is categorized into hydroelectric power, wind power, bioenergy, solar energy, and geothermal energy. The end-user covered in the study includes residential, commercial, industrial, and others. Region wise, the market is studied across North America, Europe, Asia-Pacific, and LAMEA.
- The residential and industrial sectors are expected to consume more energy during the forecast period in Asia-Pacific. Furthermore, India has significant growth potential; however, due to its inconsistent policy and business environment in past, the renewable energy share in total energy production was less. There has been an increase in investments in renewable energy projects in India, owing to which it is one of the countries experiencing rapid growth in the Asia-Pacific market.

Figure: Energy business market size by the type; Source: alliedmarketresearch.com

By end use, the residential segment acquired the top position of the global market in 2020, and it is anticipated to grow at a CAGR of 8.4% during the forecast period. Increase in use of geothermal heat pump in residential heating application is expected to drive the growth of the market.

The requirement of geothermal power is expected to increase significantly with rise in demand for electricity. This factor is expected to drive the growth of the market. Several companies in the market offer geothermal power to the residential sectors.

Figure: Renewable energy Market size by end use; Source: www.alliedresearch.com

Indian Industry Overview:

- The Government is committed to increased use of clean energy sources and is already undertaking various large-scale sustainable power projects and promoting green energy heavily. In addition, renewable energy has the potential to create many employment opportunities at all levels, especially in rural areas. India's renewable energy sector is expected to attract investment worth US\$ 80 billion in the next four years. About 5,000 compressed biogas plants will be set up across India by 2023.
- The Indian renewable energy sector is the fourth most attractive renewable energy market in the world. India was ranked fourth in wind power, fifth in solar power and fourth in renewable power installed capacity, as of 2020.
- As India looks to meet its energy demand on its own, which is expected to reach 15,820 TWh by 2040, renewable energy is set to play an important role.
- Installed renewable power generation capacity has gained pace over the past few years, posting a CAGR of 17.33% between FY16-20. With the increased support of Government and improved economics, the sector has become attractive from an investors perspective.
- The government plans to establish renewable energy capacity of 523 GW (including 73 GW from Hydro) by 2030.
- Solar power installed capacity has increased by more than 18 times from 2.63 GW in March 2014 to 49.3 GW in at the end of 2021. In FY22, till December 2021, India has added 7.4GW of solar power capacity, up 335% from 1.73 GW in the previous year. Off-grid solar power is growing at a fast pace in India, with sales of 329,000 off-grid solar products in the first half of 2021.

INTEGRA ESSENTIA LIMITED

- With a potential capacity of 363 GW and with policies focused on the renewable energy sector, Northern India is expected to become the hub for renewable energy in India.

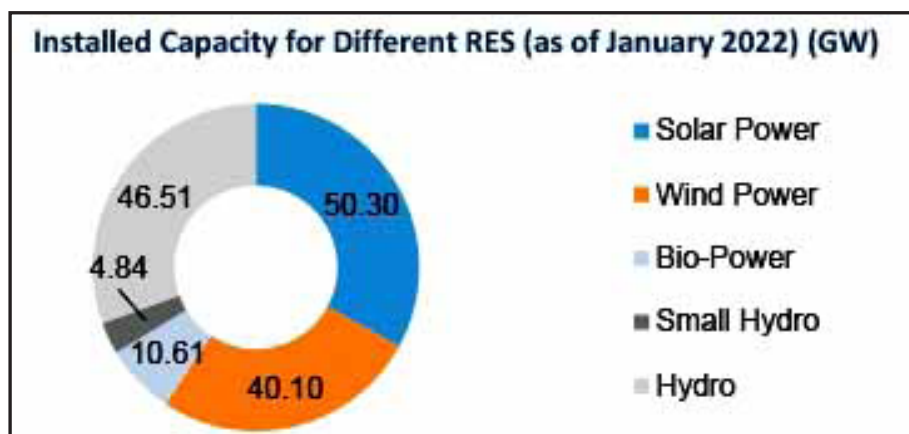

Figure: Sector Composition of Renewable Energy Sector

Key Market Movements:

- According to the data released by Department for Promotion of Industry and Internal Trade (DPIIT), FDI inflow in the Indian non-conventional energy sector stood at US\$ 11.21 billion between April 2000-December 2021.
- More than Rs. 5.2 lakh crore (US\$ 70 billion) has been invested in India's renewable energy sector since 2014. According to the analytics firm British Business Energy, India ranked 3rd globally in terms of its renewable energy investments and plans in 2020.
- In October 2021, Reliance New Energy Solar Ltd. (RNESL) announced two acquisitions to build more capabilities. Both acquisitions – REC Solar Holdings AS (REC Group), a Norway-based firm, and Sterling & Wilson Solar, based in India – exceeded US\$ 1 billion and are expected to contribute to Reliance's target of achieving the capacity of 100 GW of solar energy at Jamnagar by 2030.
- The NTPC is expected to commission India's largest floating solar power plant in Ramagundam, Telangana by May-June 2022. The expected total installed capacity is 447MW.
- In the Union Budget 2022-23, the allocation for the Solar Energy Corporation of India (SECI), which is currently responsible for the development of the entire renewable energy sector, stood at Rs. 1,000 crores (US\$ 132 million).
- In April 2021, the Central Electricity Authority (CEA) and CEEW's Centre for Energy Finance (CEEW-CEF) jointly launched the India Renewables Dashboard that provides detailed operational information on renewable energy (RE) projects in India.
- In 2022, India's renewable energy sector is expected to boom with a likely investment of US\$ 15 billion this year, as the government focuses on electric vehicles, green hydrogen, and manufacturing of solar equipment.
- It is expected that by 2040, around 49% of the total electricity will be generated by renewable energy as more efficient batteries will be used to store electricity, which will further cut the solar energy cost by 66% as compared to the current cost. Use of renewables in place of coal will save India Rs. 54,000 crore (US\$ 8.43 billion) annually.

- f) Performing such other activities as may be delegated by the Board or specified/ provided under the Companies Act 2013 or by the SEBI (Listing) Regulations or by any other applicable law or regulatory authority.

Performance Evaluation Criteria

The Nomination & Remuneration Committee carried out the Annual Performance evaluation of Directors individually, including the Chairman and the Board evaluated the overall effectiveness of the Board of Directors including its committees based on the ratings given by the Nomination & Remuneration Committee of the Company. The evaluation is largely based on parameters like attendance, participation in discussion of Board and Committee meetings, effectiveness of Chairman in carrying out roles of respective committees, value addition by suggestions or innovation and leadership etc.

The performance evaluation of the Independent Directors was carried out by the entire Board on the criteria and framework adopted by Board (the concerned director being evaluated did not participate). The Board has expressed its satisfaction on its own performance and performance of the Directors including Independent Directors.

Policy for Selection and Appointment of Directors and their Remuneration

Nomination and Remuneration Committee has adopted a policy which, *inter alia*, deals with the manner of selection of Board of Directors and payment of their remuneration. Further the Committee considers, *inter alia*, the following attributes/criteria, whilst recommending to the Board the candidature for appointment as Independent Director:

- Qualification, expertise and experience in their respective fields such as Information Technology Business, Scientific Research & Development, International Markets, Leadership, Financial Analysis, Risk Management and Strategic Planning, etc.
- Personal characteristics which align with the Company's values, such as integrity, accountability, financial literacy, high performance standards, etc.
- Diversity of thought, experience, knowledge, perspective and gender in the Board.

In case of appointment of Independent Directors, the Committee satisfies itself about the independence of the Directors vis-à-vis the Company to enable the Board to discharge its functions and duties effectively. The Committee ensures that the candidates identified for appointment as Directors are not disqualified for appointment under Section 164 and other applicable provisions of the Companies Act, 2013. In case of re- appointment of Independent Directors, the Board takes into consideration the performance evaluation of the Independent Directors and their engagement level.

Criteria for making payments to Non-Executive Directors including all pecuniary relationship or transactions of Non- Executive Directors

The Non-Executive and Independent Directors are not paid any remuneration other than sitting fees for attending the meetings of the Board or its Committees as approved by the Board from time to time.

Pecuniary relationship (if any) other than remuneration with any of the Non-Executive Director is disclosed as part of notes to Financial Statements under note of "Related Party Transactions".

INTEGRA ESSENTIA LIMITED**INDEPENDENT AUDITOR'S REPORT**

To
The Members of
Integra Essentia Limited
(Formerly known as Integra Garments & Textiles Limited)
Report on the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements **Integra Essentia Limited (Formerly known as Integra Garments & Textiles Limited)** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2022, and its profits (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

- 1) While conducting the audit, the management is unable to provide bank balance confirmation of 4 bank accounts.
Management Reply on above - The Company has three bank accounts which was attached by the custom authority as per demand determined by the authority. So we are not able to extract the statement for the said account, however all these are Fixed deposit account where transaction other than Interest wouldn't possible
- 2) Disclosure requirement as per IND AS 32 has not been complied with for Unsecured non-convertible Redeemable Debentures amounting to Rs. 28,45,00,000/- which are redeemable on July 1st, 2023.
Management Reply on above - We are planning to repay / transfer such debenture by 30.06.2022.
- 3) Debenture redemption reserve is not created in the balance sheet
Management Reply on above - As stated in point No-2 above the requirement of debenture redemption does not arise once we decided to transfer it in next quarter.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

INTEGRA ESSENTIA LIMITED

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

INTEGRA ESSENTIA LIMITED

2. As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Customs department has raised the claim on company for Rs. 73.56 lacs. The Company has disputed the same with appropriate authority. The same has been disclosed in the note no 32 of the financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts wherever applicable.
 - iii. There are no amounts which are required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.(a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - iv.(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - iv.(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The company has not declared or paid any dividend during the year.

TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of **Integra Essentia Limited (Formerly known as Integra Garments & Textiles Limited)** of even date

Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Integra Essentia Limited (Formerly known as Integra Garments & Textiles Limited)** (“the Company”) as at March 31, 2022, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company’s internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

INTEGRA ESSENTIA LIMITED

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

INTEGRA ESSENTIA LIMITED**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022****Company Overview**

Integra Essentia Limited ("the Company") is a public limited company, incorporated and domiciled in India which mainly deals in trading of essential items like Cashew, Rice etc. The registered office of the Company is located at 902 9 th Floor, Aggarwal Cyber Plaza-1, Neta ji Subhash Place, New Delhi, North West, Delhi-110034. The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The standalone financial statements for the year ended 31st March, 2022 were approved by the Board of Directors and authorised for issue on 28th April 2022.

Note 1: Significant Accounting Policies**(a) Basis of Preparation of Financial Statements****(i) Statement of Compliance with Indian Accounting Standards (Ind AS)**

These financial statements comply, in all material respects, with Ind AS notified under section 133 of the Companies Act, 2013 ("the Act"), Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act.

(ii) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities:

- a) Certain financial assets and liabilities that are measured at fair value
- b) Derivative financial instruments

(iii) Functional and Presentation Currency

These financial statements are presented in Indian Rupees, which is also the functional currency of the Company.

(iv) Current and Non-current Classification

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle (Twelve months) and other criteria set out in Schedule III to the Act.

(b) Property, Plant and Equipment (PPE) and Depreciation

All items of PPE are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost includes its purchase price including non-refundable taxes and duties, directly attributable costs of bringing the asset to its present location and condition and initial estimate of costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are included in the carrying amount of PPE or recognised as a separate PPE, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Machinery spares and servicing equipment are recognised as PPE when they meet the definition of PPE. Otherwise, such items are classified as inventory.

Capital work-in-progress includes cost of PPE under installation / under development as at the Balance Sheet date.

The Company depreciates its PPE over the useful life in the manner prescribed under Part C of Schedule II to the Act. Depreciation commences when the assets are ready for their intended use and is computed on pro-rata basis from the date of installation/ acquisition till the date of sale/ disposal. Management believes that useful life of assets are same as those prescribed in Schedule II to the Act, except for machinery spares wherein based on technical evaluation, useful life has been estimated to be different from that prescribed in Schedule II of the Act

Useful life considered for calculation of depreciation for machinery spares varies from 2 to 10 years. Lease hold PPE are amortised over the period of lease or useful life, whichever is lower. Leasehold land (under Finance Lease) is amortised over the period of lease.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount.

These are included in the Statement of Profit and Loss.

(c) Intangible Assets and Amortisation

Intangible assets that are acquired by the Company, which have finite useful lives are measured at cost less amortisation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost includes its purchase price including non-refundable taxes and duties, directly attributable costs of bringing the asset to its present location and condition.

Intangible assets are amortised on straight line basis over the estimated useful life.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(d) Leases

At inception of a contract, company shall assess whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where the Company is Lessee

At the Inception, lessee shall recognise and measure Right-of-use asset and lease liability at cost. Right to use assets shall comprise initial measurement of lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Lease liability is the present value of the lease payments that are not paid. These lease payments shall be discounted using the interest rate implicit in the lease (if readily determined) otherwise should be discounted at lessee's incremental borrowing rate.

If the lease contract transfers ownership of the underlying asset, at the end of the lease term or if, the cost of the right-of-use asset reflects that the lessee will exercise a purchase option, then depreciate the right-of-use asset over the useful life of the underlying asset. Otherwise, depreciate the right-of-use asset till the end of the useful life of the right-of-use asset or the end of the lease term, whichever is earlier.

The lease term as the non-cancellable period of a lease, together with both: (a) periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and (b) periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option.

Subsequently, lessee shall measure the right-of-use asset applying a cost model.

Where the Company is Lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight line basis over the term of the relevant lease

(e) Borrowing Cost

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use. Other borrowing costs are expensed in the period in which they are incurred.

(f) Financial instruments

(i) Financial Assets

Initial Recognition and Measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income (FVTOCI) or fair value through profit or loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, as per Ind AS 109.

INTEGRA ESSENTIA LIMITED

a. Subsequent Measurement - Equity Instruments

All equity investments other than investments in subsidiaries, joint ventures and associates are measured at fair value. Equity investments which are held for trading are classified as FVTPL. For all other equity investments, the Company decides to classify the same either at FVTOCI or FVTPL. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

Investment in equity instruments of subsidiaries, joint ventures and associates are measured at cost.

b. Subsequent Measurement - Debt Instruments

A financial asset being debt instrument that meets the following 2 conditions is measured at amortised cost (net off any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business Model Test: the objective of the Company's model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes).

Cash Flow Characteristics Test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meets the following 2 conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

Business Model Test: the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets.

Cash Flow Characteristics Test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different basis.

All other debt instruments are measured at fair value through profit or loss.

Derecognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset, to another entity.

Impairment of Financial Assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and FVTOCI.

For financial assets other than trade receivables, whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables, considering historical trend, industry practices and the business environment in which the Company operates or any other appropriate basis.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

(ii) Equity and Financial Liabilities

Debt and equity instruments issued by an entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

a. Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

b. Financial Liabilities

Initial Recognition and Measurement

Financial liabilities are initially recognised at fair value plus any transaction costs that are attributable to the acquisition of the financial liabilities, except for the financial liabilities at FVTPL which are initially measured at fair value.

Subsequent Measurement

The financial liabilities are classified for subsequent measurement either at amortised cost or at fair value through Profit and Loss (FVTPL).

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount.

Derecognition of Financial Liabilities

A financial liability is removed from the Balance Sheet when the obligation is discharged, or is cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

(g) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted prices in active markets for identical assets or liabilities
- Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 – Inputs for the asset or liability that are not based on observable market data.

(h) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. The cost formula used for determination of cost is 'Weighted Average Cost'.

Machinery spares, stand-by equipment and servicing equipment are recognised as inventory when the useful life is less than one year and the same are charged to the Statement of Profit and Loss as and when issued for consumption.

(i) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The Company's liability for current tax is calculated using the Indian tax rates and laws that have been enacted by the reporting date. The Company periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretations and provisions where appropriate.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

INTEGRA ESSENTIA LIMITED

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and current tax liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(j) Provisions and Contingencies Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Contingent assets are not recognised in the financial statements. If the inflow of economic benefits is probable, then it is disclosed in the financial statements.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each Balance Sheet date

(k) Employee Benefits**(i) Short-term Obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Post-employment Obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plan (Gratuity), and
- (b) Defined contribution plans such as, provident fund.

Defined Benefit Plan

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually on the basis of actuarial valuation using the Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The interest cost is calculated by applying the discount rate to the balance of the defined benefit obligation. This cost is included in employee benefits expense in the Statement of Profit and Loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

Defined Contribution Plans

Defined Contribution Plans such as provident fund are charged to the Statement of Profit and Loss as an expense, when an employee renders the related services.

(iii) Other Long-term Employee Benefits

The liabilities for compensated absences that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the Balance Sheet if the entity does not have any unconditional right to defer settlement for at least 12 months after the end of the reporting period, regardless of when the actual settlement is expected to occur.

(l) Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows as well as the Balance Sheet, cash and cash equivalents include cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(m) Earnings per Share (EPS)

Basic earnings per share are computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for the events for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net off any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

(n) Dividend Distribution to Equity Shareholders

Dividend distributed to Equity shareholders is recognised as distribution to owners of capital in the Statement of Changes in Equity, in the period in which it is paid. Dividend proposed by the Board of Directors, subject to the approval of shareholders, is disclosed in the notes to financial statements.

(o) Foreign Currency Transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(p) Revenue Recognition

Effective from 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115-'Revenue from contracts with customers'. Revenue from contracts with customers is recognized on transfer of control of promised goods or services to the customer at amount that reflects the consideration to which the company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of products is satisfied at a point in time when material is shipped / delivered to the customer as may be specified in the contract.

Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the applicable effective interest rate.

Dividend Income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Income from Services

Income from services is recognised (net of taxes as applicable) as they are rendered, based on agreement/ arrangement with the concerned customers.

INTEGRA ESSENTIA LIMITED**(q) Significant Accounting Estimates, Judgements and Assumptions:**

The preparation of the Company's financial statements in conformity with Ind AS requires Management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the financial statements were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future year affected.

In the process of applying the Company's accounting policies, Management has made the following judgements which have significant effect on the amounts recognised in the financial statements:

- i. **Useful Lives of Property, Plant and Equipment:** Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalised. Useful life of tangible assets is based on the life specified in Schedule II of the Act and also as per Management estimate for certain category of assets. Assumption also needs to be made, when the Company assesses, whether as asset may be capitalised and which components of the cost of the assets may be capitalised.
- ii. **Fair Value Measurement of Financial Instruments:** When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs for these valuations are taken from observable sources where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of various inputs including liquidity risk, credit risk, volatility etc. Changes in assumptions/ judgements about these factors could affect the reported fair value of financial instruments
- iii. **Measurement of Defined Benefit Plan:** The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- iv. **Impairment of Financial Assets:** Trade receivables are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when Management deems them not collectable. Impairment is made on the expected credit loss model, which is the present value of the cash shortfall over the expected life of the financial assets. The impairment provisions for financial assets are based on assumption about the risk of default and expected loss rates. Judgement in making these assumptions and selecting the inputs to the impairment calculation are based on past history, existing market condition as well as forward looking estimates at the end of each reporting period.
- v. **Impairment of Non-financial Assets:** The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

- vi. **Contingencies:** Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claim/ litigation against the Company as it is not possible to predict the outcome of pending matters with accuracy.
